Pizza counter with ambient section for dough

The PT range of pizza tables is made in SS304 stainless steel. It has a granite tabletop, which is ideal for creating pizzas, as the granite stays cool and makes it harder for the dough to stick to the tabletop. It is available in several sizes with 2- or 3 doors. It is also possible to get it customized with drawers. Comes with or without a topping unit for GN pans – topping units can also be retrofitted.
Incl. spareparts 1 year
